Hole Sponsor \$ 500

The Community Safety Village of York Region is dedicated to providing life-saving injury prevention programs to students from York Region in Grades 1 to 5. Since our grand opening in May 2005, over 100,000 people have received instruction in traffic safety, pedestrian safety, bicycle safety, fire safety, Internet safety and emergency preparedness. To continue offering these outstanding programs to the youth of York Region, we need your help.

By supporting the CSV Golf Tournament, you will be helping to build a safer future for citizens of all ages. There is no better way of teaching than to offer someone a real-life experience and the Community Safety Village of York Region is as real as it gets.
