Michael Tibollo, Minister Ministry of Community Safety and Correctional Services 18th Floor, 25 Grosvenor Street Toronto, ON M7A 1Y6

Dear Minister Tibollo:

As you are aware, the Provincial Government recently made the following announcements regarding the pending legal distribution of cannabis in Ontario:

As of October 17, 2018, the Ontario Cannabis Store website will be the only legal option for purchasing recreational cannabis. It will follow strict rules set by the federal government; and,

The government will also introduce legislation that, if passed, would open up a tightly regulated private retail model for cannabis that would launch by April 1, 2019. Private stores would be regulated, with the protection of youth and children as a top priority, and will help the province combat the illegal market.

The Federal Government's legalization of cannabis is expected to have a negative impact on community safety and well-being, thereby, increasing the workload for police and creating a greater demand on health and social services. This correspondence does not cover all of the concerns associated to the legalization of cannabis; it simply focuses on the high-level organized crime concerns related to the legal distribution of cannabis.

It is important to note that Criminal Intelligence Service Canada has identified more than 300 organized crime groups involved in the production, distribution, importation and/or exportation of illicit cannabis in Canada. A number of these groups are well established with national and international criminal networks involved in facilitating and enabling their criminal enterprises. These include illegal cannabis dispensaries currently operating as retail outlets and the manipulation of the medical cannabis framework, as was recently experienced in York Region with the discovery of more than 4,000 cannabis plants, valued at \$6.5 million, being grown illegally under the disguise of authorization from Health Canada to grow 875 plants (for more details visit: https://bit.ly/2nM9FMN).

In fact, there have been a number of shootings and homicides in Ontario where the victims were actively conducting what would be considered legal business within the medical cannabis framework as well as the illegal retail distribution of cannabis.

Colorado and Washington legalized cannabis in order to keep profits out of the hands of criminals; however, according to the 2016 Colorado Department of Public Safety's report entitled Marijuana Legalization in Colorado: Early Findings and the 2016 Washington State Marijuana Impact Report, individuals and criminal organizations continue to manufacture, distribute, divert and traffic cannabis illegally. Evidence from these jurisdictions indicates that legalization does not eliminate the prevalence of organized crime in the production, distribution and sale of cannabis.

We are concerned that the *Cannabis Act* will result in increased cannabis consumption; thereby, creating an increase in demand and an opportunity for organized crime to profit from an illicit black market by trafficking cannabis with higher tetrahydrocannabinol (THC) content at a lower cost to the consumer.

Considering that Health Canada's 2017 Canadian Cannabis Survey Summary estimated that "12% of Canadians age 15 and older have used cannabis in the past 12 months (age 15-19 = 21%; age 20-24 = 30%; age 25+ = 10%) and... 17% of students in grades 7-12 have used cannabis in the past 12 months", the use of cannabis, the anticipated increase in its social acceptance post-legalization and availability through diversion by organized crime is of great concern from both a law enforcement and health perspective.

In the event the *Cannabis Act* is successful in reducing the presence of organized crime in the existing illicit cannabis market, it will result in decreased profits for these groups. Consequently, we fear that organized crime groups may turn their attention to increasing the availability of other illicit drugs, like opioids, competing with the legal cannabis market by undercutting the regulated pricing scheme, attempting to infiltrate a newly formed regulated retail cannabis market and continuing to exploit the medical cannabis framework.

Successful criminal organizations are long-term, forward thinking, strategic enterprises with the ability to adapt to new legislation and imbed themselves into a legal framework that legitimizes their criminal activities and corrupts the legal cannabis market. To mitigate the opportunity for corruption by organized crime in a new legal retail framework, government controlled and staffed distributors are the preferred first line of defence.

Whether government run or licensed private businesses are permitted to distribute cannabis, rigorous and sustainable regulations, on-going monitoring, regular inspections and strict enforcement will be necessary, and not just in the short-term but, as we have seen with tobacco and liquor, in perpetuity.

To reduce the risk of individuals with ties to criminal organizations infiltrating and corrupting the legal cannabis regime, at a minimum, any business or individual (including landlords and suppliers of goods and services) involved in the legal distribution of cannabis should be subjected to criminal record checks, intelligence checks, local law enforcement inquiries and forensic financial audits within the initial security clearance process and at regular on-going intervals as a mandatory requirement to become and remain licenced to legally distribute cannabis.

Furthermore, the discretion to immediately revoke licenses and permits of those associated to organized crime and/or in violation of the regulations will be essential to maintaining the integrity of any legal cannabis regime.

In addition to the above-mentioned concerns, York Regional Police completed a detailed costing analysis associated to the anticipated policing implications related to the legalization of cannabis. It is estimated that the legalization of cannabis will cost York Regional Police \$6.744 million annually for the associated increase in demands for service, equipment and training. To date, York Regional Police has not received any communication from the Province of Ontario regarding the amount of funding being provided or the timing of the pending funding related to the *Cannabis Act*.

For more information regarding the position of York Regional Police regarding the *Cannabis Act*, please contact Deputy Chief of Investigations and Support Thomas Carrique at 1-866-876-5423, extension 7960 or <u>822@yrp.ca</u>.

PRIORITY:	High	

At the request of the Ministry of the Attorney General, I am sharing a communication regarding new federal and provincial legislation governing the legalization of cannabis. Please be advised, this legislation is **not currently in force**. It is scheduled to come into force on **October 17, 2018.**

For further details, please review the attached memo and appendix from Renu Kulendran, Executive Director of the Ontario Legalization of Cannabis Secretariat.

I would also like to take this opportunity to remind services that the federal government is working closely with the RCMP and the Canadian Police Knowledge Network to develop training on the federal *Cannabis Act*. This training will be available to law enforcement agencies in August. An Indigenous module is currently being developed for inclusion in the federal training.

To support Ontario's law enforcement agencies to adapt to the complex federal and provincial frameworks, the Ontario Police College is developing e-learning training for all police services on the provincial *Cannabis Act, 2017* that will be available later this summer. The Ontario Police College is also working with the Canadian Police Knowledge Network to integrate the Ontario-specific training with the federal training modules.

In addition to the information outlined above and in the attached, you may refer to the All Chiefs Memo, index number 18-0045, distributed on June 29, 2018, which spoke to recent amendments to the *Highway Traffic Act* in relation to drug-impaired driving.

You may also expect additional All Chiefs Memos that will provide further clarification on the legalization of cannabis, including overviews on the federal bills, Approved Drug Screening Equipment (ADSEs), and their procurement and applicability in drug-impaired driving cases, as well as the parameters around which special constables may enforce the cannabis legislation discussed in the attached memo. These further memos will be distributed in the near future.

Sincerely,

Beckton

MEMORANDUM TO:	Stephen Beckett Assistant Deputy Minister Public Safety Division and Public Safety Training Division Ministry of Community Safety and Correctional Services
FROM:	Renu Kulendran Executive Director Ontario Legalization of Cannabis Secretariat Ministry of the Attorney General
DATE:	August 14, 2018
SUBJECT:	Cannabis Legalization

I am writing to you regarding new provincial laws governing cannabis.

As you are aware, <u>federal legislation (the *Cannabis Act*)</u> to legalize and regulate recreational cannabis is scheduled to come fully into force on October 17, 2018. In response to the legalization and regulation of cannabis by the federal government, the provincial <u>*Cannabis Act*</u>, 2017</u> received Royal Assent on December 12, 2017.

In accordance with the in-force date of the federal *Cannabis Act*, the relevant provisions of the provincial *Cannabis Act*, 2017 will come into force on October 17, 2018.

Once in force, the provincial *Cannabis Act, 2017* and its supporting regulations will establish provincial rules and penalties respecting the sale, distribution, purchase, possession, transportation, cultivation and consumption of cannabis.

The <u>Ontario Cannabis Retail Corporation Act, 2017</u> (OCRCA) received Royal Assent and came into force on December 12, 2017. The OCRCA established a new Crown corporation, the Ontario Cannabis Retail Corporation (OCRC). The OCRC, operating as the Ontario Cannabis Store (OCS) will, on October 17, 2018, exclusively sell cannabis and related products through an online channel.

Ontario will also introduce legislation for a private retail model that, if passed, would be launched by April 1, 2019. The OCS would deliver the wholesale function to supply private retailers. The government will begin to consult immediately with key stakeholders to inform the government's development of a future legal framework that would, if passed, enable private cannabis retail stores in Ontario. Once developed, a

1

subsequent memo outlining details of a future framework will be distributed. The OCS website will be the only legal place to buy cannabis on October 17, 2018.

Until October 17, 2018, it remains illegal under Part 1 of the federal <u>Controlled Drugs</u> <u>and Substances Act</u> to possess, sell or conduct other activities related to cannabis unless otherwise authorized to do so (for example, for medical or scientific purposes). Current illegal storefronts will remain illegal on and after October 17, 2018.

We ask that the information below on cannabis legalization be distributed to chiefs of police as soon as possible for their information.

Federal Cannabis Legislation

The federal *Cannabis Act* sets the broad legislative framework for the legalization of cannabis in Canada, including:

Supply Chain Oversight and Regulation

- Permits, through federal licensing and oversight, the production, cultivation, and processing of cannabis and the sale of cannabis for medical purposes (Part 2 of the *Cannabis Regulations* made under the *Cannabis Act* (Canada)).
- Authorizes the distribution and sale of cannabis by persons authorized to do so under provincial legislation, subject to certain federal conditions (section 69 of the *Cannabis Act* (Canada)).
- The federal government would continue to license persons and organizations to sell cannabis for medical purposes directly to registered clients and hospitals (sections 26 and 27 of the *Cannabis Regulations* made under the *Cannabis Act* (Canada)).

Youth Access Restrictions

- No person may sell or distribute cannabis to any person under the age of 18 (subparagraph 9(1)(a)(ii) and paragraph 10(1)(b) of the *Cannabis Act* (Canada)).
- Possession of five (5) grams or less of cannabis by individuals between the ages of 12 and 17 is not an offence under the federal *Cannabis Act* (paragraph 8(1)(c) of the *Cannabis Act* (Canada)).
- New cannabis-related criminal offences created (i.e., selling or distributing cannabis to a youth and using a youth to commit a cannabis-related offence) (subparagraph 9(1)(a)(ii), paragraph 10(1)(b) and section 14 of the Cannabis Act (Canada)).

Controlled Adult Access

• Adults 18 years or older could publicly possess (or share with other adults) up to 30 grams of legal dried cannabis or equivalent in non-dried form (sections 8 and 9 of the *Cannabis Act* (Canada)).

- The possession limits in the federal *Cannabis Act* are based on dried cannabis. Equivalents were developed for other cannabis products to identify what their possession limit would be. 1 gram of dried cannabis is equal to: 5 grams of fresh cannabis; 15 grams of edible product; 70 grams of liquid product; 0.25 grams of concentrates (solid or liquid); one (1) cannabis plant seed. (Schedule 3 of the *Cannabis Act* (Canada))
- Provincially-authorized retailers can sell dried or fresh cannabis, cannabis oil and cannabis seeds (section 69 of the *Cannabis Act* (Canada)).
 - The federal government has indicated that cannabis edible products and concentrates will be legal for sale one year after the federal *Cannabis Act* has come into force on October 17, 2018.
- Adults could grow up to four (4) cannabis plants per residence (where they ordinarily reside) for personal use (subsection 12(4) of the *Cannabis Act* (Canada)).
- Adults could make cannabis products (e.g., edible products) at home provided that organic solvents (e.g., explosive or highly flammable products such as butane) are not used (subsection 12(1)).

Federal Ticketable Offences

Part 2 of the federal *Cannabis Act* includes provisions which enable provinces to implement criminal ticketing procedures for offences under the federal *Cannabis Act*, including but not limited to the public possession or sharing of:

- over 30 grams and up to 50 grams of dried cannabis (or equivalent)
- the personal cultivation of five (5) or six (6) cannabis plants

In consultation with the federal government and policing partners, provincial consideration of the potential implementation of federal ticketable offences in Ontario is ongoing. More information will be shared in a subsequent memo, as required.

Provincial Cannabis Act, 2017

Provinces and territories have the ability to set their own rules for cannabis, in certain areas, including:

- the legal minimum age
- where cannabis can be purchased
- where cannabis can be used
- how much cannabis can be possessed

The provincial *Cannabis Act, 2017* aligns with federal cannabis legislation. Key elements of the provincial legislation include:

• Setting a minimum age of 19 to use, buy, possess, distribute and cultivate recreational cannabis in Ontario (section 10);

- Creating a referral process for young people who use, buy, possess, distribute and cultivate recreational cannabis in contravention of the provincial *Cannabis Act, 2017* to be diverted into programs that focus on education and prevention (section 20);
- Prohibiting the consumption of recreational cannabis in public places, workplaces, motor vehicles and boats, subject to specific exemptions outlined in a supporting regulation (section 11);
- Restricting the transportation of cannabis (section 12);
- Introducing new provincial offences to address the illicit market with strict, escalating penalties (sections 6 and 13); and,
- Maintaining the above-noted federal restrictions on adult possession limits and home cultivation, but aligning them with Ontario's rules for minimum age.

Section 21 of the provincial *Cannabis Act, 2017* provides that police officers and other provincial offences officers (POOs) designated by a provincial minister can enforce the Act.

The *Cannabis Act, 2017* also includes general enforcement provisions. For example, section 16 permits the seizure of any thing, including cannabis, if there are reasonable grounds to believe that:

- the thing will afford evidence of an offence under the Act;
- the thing was used or is being used in connection with the commission of an offence under the Act, and unless the thing is seized it is likely that it would continue to be used or would be used again in the commission of an offence under the Act; or
- the thing is proceeds of an offence under the Act.

Short-form wordings for certain offences under the *Cannabis Act, 2017* have been established, as set out in O. Reg. 326/18, which amends Regulation 950 under the *Provincial Offences Act* by adding <u>Schedule 0.3</u> when the *Cannabis Act, 2017* comes into force. Set fines have not yet been established for offences under the provincial *Cannabis Act, 2017*. A subsequent memo would be distributed communicating set fines.

See the appendix for a full list of provincial *Cannabis Act, 2017* offences, short-form wordings and associated penalties.

Minimum Age

Individuals must be 19 years of age or older to possess, consume, attempt to purchase or purchase, distribute or cultivate, harvest or propagate (or offer to do so) recreational cannabis in Ontario (section 10). The *Cannabis Act, 2017* also prohibits any person from knowingly selling or distributing cannabis to a person under the age of 19 (section 7). This is the same as the minimum age for the sale of tobacco and alcohol in Ontario.

Illegal Selling

The provincial *Cannabis Act, 2017* prohibits any person from selling or distributing recreational cannabis in Ontario, other than the OCS (section 6). The *Cannabis Act, 2017* also prohibits landlords from knowingly permitting such activities on their premises (section 13). On October 17, 2018, safe and secure online sales for recreational cannabis will be launched through the OCS website.

It is also an offence under section 9 of the provincial *Cannabis Act, 2017* for any person to purchase cannabis in Ontario except from the OCS website. Any selling of recreational cannabis outside of the OCS, such as illegal storefront sales, will also be a criminal offence under section 10 of the federal *Cannabis Act*.

As noted above, Ontario is moving forward with a private retail store model in which the OCS would deliver the wholesale function to supply private retailers. A subsequent memo outlining details of the framework will be distributed once the framework is developed.

In addition, to address illegal storefronts, section 18 of the *Cannabis Act, 2017* provides an interim closure authority that allows for the immediate interim closure of premises and removal of any persons on the premises (as long as the premises are not used for residential purposes) if a charge is laid against a person for a contravention of section 6 and the appropriate law enforcement personnel has reasonable grounds to believe that the premises were used in the alleged contravention. Similarly, if a charge is laid against a person for a contravention of section 13, the appropriate law enforcement personnel may cause the premises that is the subject of the alleged contravention to be closed immediately on an interim basis and any persons on the premises to be removed (as long as the premises are not used for residential purposes).

Youth Possession and Diversion

As noted above, section 10 of the provincial *Cannabis Act, 2017* provides that no person under 19 years of age shall possess, consume, attempt to purchase, purchase or distribute cannabis, or cultivate, propagate, harvest or offer to cultivate, propagate or harvest cannabis.

Section 20 of the provincial *Cannabis Act, 2017* allows the appropriate law enforcement personnel, who has reasonable grounds to believe that a person who is under 19 years of age has contravened section 10, to refer the person to a youth education or prevention program approved by the Attorney General.

The youth diversion program and associated procedures are currently under development and more information will be shared in a subsequent memo.

Places of Consumption of Cannabis

Section 11 of the provincial *Cannabis Act, 2017* prohibits the consumption of recreational cannabis in:

- a public place;
- a workplace within the meaning of the Occupational Health and Safety Act;
- a vehicle (includes motorized snow vehicles) or boat; or
- any prescribed place.

Subsection 11(2) allows an authorized medical cannabis user to consume cannabis for medical purposes in the above-mentioned prohibited places, subject to any prohibitions or restrictions set out in the regulations under the provincial *Cannabis Act, 2017* or in the *Smoke-Free Ontario Act, 2017*.

The implementation of the <u>Smoke-Free Ontario Act, 2017</u> has been paused to allow for the careful review of the new regulations related to vaping. As part of this review, the province is working to ensure that the regulation of medical cannabis consumption is appropriately addressed in advance of legalization.

See the appendix for additional detail on the places of consumption rules for recreational cannabis and cannabis for medical purposes, including refinements and limited exemptions established by way of a <u>regulation</u> under the provincial *Cannabis Act, 2017.*

Transportation of Cannabis

Section 12 of the provincial *Cannabis Act, 2017* prohibits any person from driving or having the care or control of a vehicle or boat, whether or not it is in motion, while any cannabis (including cannabis for medical purposes) is contained in the vehicle or boat except with respect to cannabis that is packed in baggage that is fastened closed or is not otherwise readily available to any person in the vehicle or boat. O. Reg. 30/18 made under the *Cannabis Act, 2017* provides for certain exemptions to this provision including:

- Section 5 allows medical cannabis users to have open cannabis in a vehicle or boat, provided certain conditions are met:
 - The cannabis must be medical cannabis.
 - The medical cannabis user must be a passenger in the vehicle or boat (i.e., they cannot be the driver or have care or control of the vehicle or boat).
 - The cannabis cannot be readily available to the driver of the vehicle or boat.
- If the vehicle is a motor vehicle equipped with permanent sleeping accommodations and permanent cooking facilities. The vehicle must be parked in a place other than a highway or a King's Highway and it must be in use as a residence (paragraph 1 of section 5.1).

• If it is a boat with permanent sleeping accommodations and permanent cooking and sanitary facilities. The boat must be at anchor or secured to a dock or land and it must be in use as a residence. The exemption does not apply to boats used to carry passengers for hire (paragraph 2 of section 5.1).

Cannabis for Medical Purposes

The current federal regime for medical cannabis will continue to allow access to cannabis for people who have the authorization of their healthcare provider. Similar to the current <u>Access to Cannabis for Medical Purposes Regulations</u> (ACMPR) under the *Controlled Drugs and Substances Act*, new medical cannabis access regulations (Part 14 of the *Cannabis Regulations* made under the federal *Cannabis Act*) will authorize individuals who have a medical document provided by a health care practitioner supporting their use of cannabis for medical purposes, to possess and, in some cases, produce cannabis (sections 266, 267 and 309).

In order to be legally recognized as an authorized medical user, federal regulations require that an individual, on the basis of their medical document, register with either a federally licensed seller of cannabis for medical purposes or the federal Health Minister. Individuals may also obtain cannabis as a patient in a hospital (sections 266 and 267).

Authorized individuals will be able to possess in public the lesser of 30 times the authorized daily quantity in their medical document, or the equivalent of 150 grams of dried cannabis, *in addition* to any amount of cannabis that is not prohibited by the federal *Cannabis Act* (e.g., 30 grams of dried cannabis). As such, authorized individuals could potentially possess up to 180 grams of dried cannabis in public (sections 266, 267 and 268).

Authorized medical users or individuals designated by an authorized medical user to grow on the medical user's behalf would only be allowed to grow the number of plants authorized in their registration certificate or, in the case of designated persons, the document setting out their designation (paragraph 313(2)(m)).

With the exception of sections 11 (places of consumption) and 12 (transportation restrictions), the provincial *Cannabis Act, 2017* and its supporting regulations do <u>not</u> <u>apply</u> with respect to the sale, distribution, purchase or attempt to purchase, possession, consumption, offering to cultivate or cultivation, offering to propagate or propagation or offering to harvest or harvesting of cannabis for medical purposes under the authority of applicable federal law, or to cannabis produced or obtained for medical purposes under such authority (section 5 of the *Cannabis Act, 2017*).

Cannabis Supply Chain, Industrial Hemp and Other Exemptions

A supporting <u>regulation</u> under the provincial *Cannabis Act, 2017* ensures that legitimate supply chain actors are able to carry on activities necessary for the operation of the legal recreational cannabis supply chain (section 1 of O. Reg. 30/18).

This regulation also creates additional exemptions related to personal importation of cannabis (section 4), law enforcement (section 2), the transportation of medical cannabis (sections 5 and 5.1) and research activities (section 3).

Please see the appendix for additional detail on exemptions under the provincial *Cannabis Act, 2017.*

A separate <u>regulation</u> under the provincial *Cannabis Act, 2017* also confirms that the Act does not apply to industrial hemp as defined in the federal *Cannabis Act* or drugs regulated by the federal *Food and Drugs Act* (O. Reg. 327/18).

Thank you for your assistance in this matter.

Sincerely,

Jenn Kulenchan

Cannabis Act, 2017 Exemptions (O. Reg. 30/18):

Below are the exemptions established in regulation under the provincial *Cannabis Act,* 2017.

Category	Exemption
OCRC activities (paragraph 1 of section 1(1))	 Permits the OCRC to purchase cannabis from federally-authorized entities that are permitted under federal law to sell product to provincial/territorial retailers.
Federally-authorized entities (e.g., cultivators, processors, researchers) (paragraphs 1 and 2 of section 1(1)	• Permits the sale, distribution or purchase by federally-authorized entities acting in accordance with their licence, permit or authorization; federally-authorized entities would still be prohibited from selling cannabis directly to consumers in Ontario.
Cannabis activities conducted in Ontario to facilitate lawful retail in other provinces/territories (paragraphs 1 and 3 of section 1(1)	 Permits lawful retailers in other provinces and territories to purchase cannabis from federally-authorized entities in Ontario that are permitted under federal law to sell product to provincial/territorial retailers. Permits lawful retailers in other provinces and territories to transport (i.e., distribute) cannabis across Ontario in order to move product between federally-authorized entities and retailers.
Exemptions to facilitate federally-authorized research activities (section 3)	 Permits the distribution of cannabis to research participants under the age of 19 for the purpose of conducting federally-authorized cannabis research. Permits the consumption of cannabis for the purpose of conducting federally-authorized cannabis research in places where consumption is otherwise prohibited. Permits research participants under the age of 19 to engage in otherwise prohibited activities for the purpose of conducting federally-authorized cannabis research.
Service providers (paragraph 4 of section 1(1))	 Permits the distribution or possession for the purposes of sale (e.g., warehousing) of cannabis by persons contracted to act on behalf of the OCRC, a federally-authorized entity or a lawful retailer in another province or territory.
Personal cannabis importation (section 4)	 Permits the importation of cannabis in Ontario for personal use under the following conditions: The individual is permitted to distribute and possess the cannabis in Ontario (i.e., the individual is 19 years of age or older and is carrying 30 grams or less of cannabis) The cannabis accompanies the individual into Ontario (i.e., it must be carried on their person; it cannot be shipped in from another jurisdiction) The cannabis was obtained lawfully in another province or territory
Law enforcement (section 2) Transportation of medical cannabis (section 5)	 Permit law enforcement to engage in prohibited activities under the Act for the purpose of enforcing the provincial Act or any federal statute Permits passengers in a vehicle or boat who are medical cannabis users to have open cannabis, provided the cannabis is not accessible to the driver.
Vehicles and boats used as residences (section 5.1)	 Permits open cannabis to be contained in a vehicle, provided the vehicle is a motor vehicle equipped with permanent sleeping accommodations and permanent cooking facilities. The vehicle must be parked in a place other than a highway or a King's Highway and it must be in use as a residence. Permits open cannabis to be contained in a boat, provided the boat has permanent sleeping accommodations and permanent cooking and sanitary facilities. The boat must be at anchor or secured to a dock or land and it must be in use as a residence. The exemption does not apply to boats used to carry passengers for hire.

Places of Consumption Regulation (O. Reg. 325/18):

Use of Cannabis for Medical Purposes (section 7)

 Medical cannabis users would be prohibited from using medical cannabis while driving or having care or control of a vehicle or boat, whether or not the vehicle or boat is in motion. Medical cannabis users would still be permitted to consume cannabis if they are a passenger in a vehicle or boat, provided the cannabis is not smoked or vaped.

Clarification of Places of Use Rules for Recreational Cannabis (section 2)

- Certain places where recreational cannabis would not be able to be used have been prescribed in order to provide greater certainty of the scope of the places of use rules without limiting their generality and to ensure alignment with the *Smoke-Free Ontario Act* where appropriate, including:
 - A school within the meaning of the Education Act;
 - A building or the grounds surrounding the building of a private school within the meaning of the *Education Act*, where the private school is the only occupant of the premises, or the grounds annexed to a private school, where the private school is not the only occupant of the premises;
 - A child care centre within the meaning of the *Child Care and Early Years Act, 2014*; and,
 - A place where an early years program or service is provided within the meaning of the *Child Care and Early Years Act, 2014*.
- The smoking or vaping of recreational cannabis would be prohibited in any indoor common area in a condominium, apartment building or university or college residence. This is consistent with the *Smoke-Free Ontario Act.* The use of other forms of recreational cannabis would not be restricted in these areas.

Hotel, Motel and Inn Rooms (section 3)

- A limited exemption has been established to permit the use of recreational cannabis in hotel, motel and inn rooms.
- Registered guests or invited guests of registered guests would be permitted to use recreational cannabis in a hotel, motel or inn room, provided the room is primarily designated as sleeping accommodation and the cannabis is not being smoked or vaped.
- The smoking or vaping of cannabis would only be permitted in designated smoking rooms, which is in alignment with the *Smoke-Free Ontario Act.*

Vehicles and Boats as Private Residences (section 8)

• A limited exemption has been established to permit the use of recreational cannabis in vehicles and boats when they are in use as living places in specified circumstances (e.g. vehicle is not on a highway, boat is secured to a dock). This is

consistent with the rules respecting alcohol consumption under the <u>Liquor Licence</u> <u>Act.</u>

Workplaces in Private Residences

- Most private residences that are also workplaces would be exempt from the prohibition on consuming cannabis in workplaces (section 4).
- Certain residences that also serve as workplaces would be subject to specific conditions on where and how recreational cannabis can be consumed (e.g., long-term care homes and other similar facilities) (sections 5 and 6).
- The smoking and vaping of recreational cannabis would be prohibited in places where home child care is provided, whether or not children are present. Other forms of recreational cannabis would not be prohibited in these places as long as children are not present when the cannabis is being consumed (paragraph 5 of section 2).
- The exemptions are similar to the consumption rules in the Smoke-Free Ontario Act.

1. Recommendations

It is recommended that:

- 1. Council endorse the Inclusion Charter for York Region (Attachment 1).
- 2. The Regional Clerk forward this report to York Region Rapid Transit Corporation, Housing York Inc. and York Telecom Network requesting their Boards to endorse the Inclusion Charter for York Region (Attachment 1).

3. The Regional Clerk forward this report to the local municipalities, York Region Accessibility Advisory Committee, York Regional Police Services Board, Community Partnership Council and the Municipal Diversity and Inclusion Group.

2. Purpose

This report seeks Council endorsement of the Inclusion Charter for York Region. Endorsement of the Charter affirms an organization's commitment to inclusion and support for a shared vision for York Region.

3. Background and Previous Council Direction

Development of an Inclusion Charter supports Council's strategic objective to making our communities more welcoming and inclusive

Emerging from the work of the <u>Community Partnership Council</u> which leads strategies to welcome newcomers to York Region, the inclusion charter model was identified as an effective way to respond positively to rapidly changing demographics within the Region. Through its 2015 to 2019 Strategic Plan, Council made a commitment to make our communities more welcoming and inclusive.

In 2016, the York Region Municipal Diversity and Inclusion Group was formed to develop the Inclusion Charter. The group is co-chaired by York Region and York Regional Police and includes members from local municipalities, hospitals, school boards, agencies, conservation authorities and the United Way Greater Toronto. Members are listed in Attachment 2.

Each of these 20 participating organizations has endorsed or has plans to endorse the Inclusion Charter. Together we will collectively take actions that demonstrate our commitment to inclusion.

Over 1800 residents and organizations were consulted during development of the Inclusion Charter for York Region

The Inclusion Charter is the result of extensive consultations and discussions with individuals, employees, organizations, boards, councils and groups. Community consultations in 2015, 2016 and 2017 informed the Charter model, with over 1800 people and organizations part of the Inclusion Charter's development.

In <u>January 2017</u>, Council supported undertaking further community consultation on the Draft Charter before bringing it back for endorsement by the Region and community partners.

Consultations were conducted using a variety of engagement tactics to reach a broad range of groups and perspectives, including "pop-up" booths at community events and festivals in all nine local municipalities, online surveys, social media and targeted community conversations with groups such as Parents and Friends of Lesbians and Gays and the Chippewas of Georgina Island Band Council. Engagement efforts concluded with consultation with the Community Partnership Council and twenty individual interviews with each member organization of the Municipal Diversity and Inclusion Group.

The collaborative approach to development of the Inclusion Charter has gained international recognition

The United Nations Institute for Training and Research – International Training Centres for Authorities and Leaders - has participated in the Charter initiative since 2017. The <u>United Nations Agenda 2030 for Sustainable Development</u> defines goals to guide the decisions of UN member states in the years ahead including creating inclusive communities. To promote the Agenda, United Nations Institute for Training and Research provides training tools to governments and other stakeholders through its global network of International Training Centres for Authorities and Leaders.

International Training Centres for Authorities and Leaders, Atlanta division, recognizes the collaborative approach used to develop the Inclusion Charter as a leading practice model communities around the world could use to become more inclusive. International Training Centres for Authorities and Leaders Atlanta is the North American hub of United Nations Institute for Training and Research and the Charter bears its logo to recognize this support.

The Inclusion Charter initiative reflects best practices in other jurisdictions

Best practice research informs development of the Inclusion Charter for York Region. Organizations and agencies across all sectors are embracing diversity and inclusion values and strategies as a best practice to enhance business performance, social inclusion and respond positively to demographic shifts. Some jurisdictions, including the Region of Peel and City of Toronto, have adopted a diversity and inclusion charter model to help build inclusive communities.

4. Analysis and Implications

Community feedback confirmed support for the Charter initiative with suggestions to make the model even stronger

Participating organizations were of the view the Charter should be an inspirational document that both expressing a common vision and allowing them to reflect their own mandates, strategies and communities they serve. Feedback suggested the Charter

should reference existing legislation that supports this work. Feedback collected from the consultations was considered and incorporated into the Inclusion Charter. It was also heard the Charter should focus more on inclusion, rather than diversity: diversity highlights our differences, while inclusion promotes an environment where differences are embraced and everyone feels included. For this reason, the name changed from a Diversity and Inclusion Charter to an Inclusion Charter.

York Region's unique commitment statement supports the organization's ongoing inclusion activities

The Inclusion Charter for York Region is ready to be endorsed by participating community partners. The community partners on the Municipal Diversity and Inclusion Group all agree with this unique new model and layout.

The Inclusion Charter (Attachment 1) is designed to include a common commitment to inclusion by all participating community partners, which is set out in the first two paragraphs. In addition, the common commitment notes that the Charter is also grounded in federal and provincial legislation that promotes human rights and accessibility:

The Inclusion Charter for York Region is a community initiative that brings together businesses, community organization, municipalities, police services, hospitals, school boards, conservation authorities and agencies with a common commitment to create an inclusive environment with equality for all who work, live and play here. Together our organizations share the vision of York Region as a welcoming and inclusive community where diversity is celebrated and where everyone can develop to their full potential, participate freely in society and live with respect, dignity and freedom from discrimination. The Charter reflects an evolving approach in support of existing federal and provincial legislation that promotes human rights and accessibility. By endorsing this Charter we affirm our commitment to inclusion, whereby all people feel they belong and have access to the same opportunities.

The third paragraph is tailored by each community partner to express its commitment statement. By having their own customized paragraph, each community partner is able to align their specific mandates, strategies and communities with a common commitment expressed in the first two paragraphs. As a community partner in this initiative York Region has developed a commitment statement to be included in the Charter.

The Region's statement in the third paragraph aligns with and promotes Council's commitment to inclusion in the community and the workplace.

Together with other participating organizations, The Regional Municipality of York is committed to taking action to achieve the vision of the Charter in our organization and in the community. The Region celebrates its growing and diverse population as a source of strength, vitality and economic opportunity. The Region's commitment to inclusion enhances our ongoing work to attract and retain the best talent, promote innovation and provide an excellent customer experience.

The Inclusion Charter is designed for signature by the senior leaders of participating community organizations. York Region's Charter lists Wayne Emmerson, Chairman and Chief Executive Officer and Bruce Macgregor, Chief Administrative Officer as co-signatories, demonstrating the commitment of York Region both as a government and an employer.

To re-enforce and reflect this commitment, corporations/boards of York Region including York Region Rapid Transit Corporation, Housing York Inc. and York Telecom Network also endorse the Charter with the customized York Region statement.

York Region will achieve the vision of the Charter by building on existing strategies, plans and actions

The vision of the Charter will be accomplished through actions incorporated into existing strategies and plans. Some actions currently underway include:

- Review and update of applicable corporate policies to reflect inclusionary practices
- Establishment of quiet rooms across Regional facilities as a designated space for prayer, reflection or meditation
- Launch of an online diversity calendar to promote awareness and understanding of diverse celebratory days

York Region is participating at the Protocol and Diplomacy International – Protocol Officers Association Annual Education Forum in July 2018. The Region has been invited to present the Inclusion Charter and the process to develop it. This international forum brings together protocol professionals from all sectors including national and local governments, academia, corporate, military, cultural institutions and trade organizations.

Multiple research projects provide foundation for ongoing community collaboration and actions that promote inclusion

To enhance our understanding of the diverse groups living in the Region, York Region has entered into various research projects including:

The Black Experience Project – This research study explored the experiences
of Black individuals in the Greater Toronto Area, including York Region. The aim
of the research was to provide valuable information to inform policies and other
initiatives to contribute to the health and vibrancy of the Black community in
Toronto and the Greater Toronto Area. Findings point to successes that should
be acknowledged and celebrated, as well as anti-Black racism and the obstacles

and challenges it presents. York Region and York Regional Police are currently analyzing York Region specific data with findings available summer 2018.

- Building Migrant Resilience in Cities This is a partnership project located in seven regional and urban areas in Ontario and Quebec. It is funded by Social Sciences and Humanities Research Council and led by York University. York Region is a Co-chair of the York Region Network project which focuses on legal residents of Canada who have lived here for 10 years or less. Its main objective is to discover factors that encourage the successful settlement of newcomers and pilot strategies that promote these factors. Research findings from all participating networks will be available within the next three years.
- Immigration Database Study York Region has commissioned a study based on Statistic Canada's Longitudinal Immigration Database. This study will help us understand the contribution of immigrants in York Region communities and to better plan for the programs and services that would leverage immigrants' rich educational, professional and cultural potential. Research findings will be available by the end of 2018.
- Social Capital Study York Region is currently partnering with the United Way Greater Toronto, Peel Region and the Environics Institute for Survey Research on a study that will measure social capital in Toronto, York and Peel by examining the extent to which residents feel connected to, and actively engaged with, their neighbours and community organizations, and how well they trust their neighbours. Trust and engagement are critical to a good quality of life, a healthy population, safe streets and economic prosperity. This study will help increase our understanding of social capital in York Region in support of Council's commitment in its 2015 to 2019 Strategic Plan to make our communities more welcoming and inclusive. Research findings will be available in 2019.

Some of this research emerges from actions of the Region's Newcomer Strategy. These and other research opportunities will not only provide much needed social indicators to inform and measure the progress of inclusion in our community, they will also shed light on how best to collaborate with groups and individuals.

Endorsement of the Inclusion Charter is also underway in the community

To date, a number of the Municipal Diversity and Inclusion Group members have endorsed the Charter, including the Town of Georgina, York Region District School Board, Markham Stouffville Hospital, Southlake Regional Health Centre, United Way Greater Toronto, York Region Children's Aid Society and Toronto and Region Conservation Authority. Endorsement activities will continue into 2019. The full endorsement schedule is outlined in Attachment 2. Endorsement of the Charter will also be expanded to interested businesses, community organizations and agencies who share a commitment to inclusion. In this way, the shared commitment will spread across all sectors and result in stronger impacts in the community. By endorsing the Charter, Council will join other community partners with a shared commitment to taking action to achieve the vision of the Charter in our organization and the community.

Members of the Municipal Diversity and Inclusion Group will work together to develop collective actions to enhance inclusion within the broader community of York Region

Development, monitoring and reporting of these collective actions will be coordinated through York Region's support of these committees. Regional Council will receive scheduled updates on actions taken and results.

An ongoing comprehensive communications strategy has been developed, including posters, social media and online. Each community partner has a customized Charter to post, implement and promote within their own organization, including York Region. Communication materials will be available to other organizations wanting to endorse the Charter.

5. Financial Considerations

Development and implementation of the Inclusion Charter for York Region is being completed using existing staff resources and costs are managed within approved operating budgets.

6. Local Municipal Impact

All nine local municipalities will develop their own unique commitment statement as part of the process of endorsing the Inclusion Charter. To date, one of the nine municipalities has endorsed the Charter, with the remaining expected to endorse by 2019.

7. Conclusion

York Region has taken an active role in developing the Inclusion Charter for York Region in collaboration with the Municipal Diversity and Inclusion Group and the Community Partnership Council. Together, member organizations and the community recognize that the Inclusion Charter offers an effective model for implementing positive change for our increasingly diverse populations across all municipalities. ICLUSION CHARTER

OUR COMMITMENT TO **WELCOMING** AND **INCLUSIVE** COMMUNITIES

The Inclusion Charter for York Region is a community initiative that brings together businesses, community organizations, municipalities, police services, hospitals, school boards, conservation authorities and agencies with a common commitment to create an inclusive environment with equality for all who work, live and play here. Together our organizations share the vision of York Region as a welcoming and inclusive community where diversity is celebrated and where everyone can develop to their full potential, participate freely in society and live with respect, dignity and freedom from discrimination.

The Charter reflects an evolving approach in support of existing federal and provincial legislation that promotes human rights and accessibility. By endorsing this Charter we affirm our commitment to inclusion, whereby all people feel they belong and have access to the same opportunities.

THE REGIONAL MUNICIPALITY OF YORK

Together with other participating organizations, The Regional Municipality of York is committed to taking action to achieve the vision of the Charter in our organization and in the community. The Region celebrates its growing and diverse population as a source of strength, vitality and economic opportunity. The Region's commitment to inclusion enhances our ongoing work to attract and retain the best talent, promote innovation and provide an excellent customer experience.

Revised Terms of Reference for the Human Services Planning Board of York Region

Committee of the Whole recommends adoption of the following recommendations contained in the report dated May 25, 2018 from the Commissioner of Community and Health Services:

- 1. The mandate of the Human Services Planning Board of York Region be amended to include the functions of an Advisory Committee in accordance with Part XIII of the Police Services Act, 2018
- 2. Council approve the revised Human Services Planning Board of York Region Terms of Reference set out in Attachment 1.
- 3. The Regional Clerk forward this report to local municipalities, the Human Services Planning Board of York Region, York Regional Police Services Board and the Chief of York Regional Police for information.

Report dated May 25, 2018 from the Commissioner of Community and Health Services now follows:

1. **Recommendations**

It is recommended that:

- 1. The mandate of the Human Services Planning Board of York Region be amended to include the functions of an Advisory Committee in accordance with Part XIII of the *Police Services Act, 2018*
- 2. Council approve the revised Human Services Planning Board of York Region Terms of Reference set out in Attachment 1.
- 3. The Regional Clerk forward this report to local municipalities, the Human Services Planning Board of York Region, York Regional Police Services Board and the Chief of York Regional Police for information.

2. Purpose

This report seeks approval of a revised Terms of Reference for the Human Services Planning Board of York Region (the Board). The key reason for recommending revision is to establish the Human Services Planning Board of York Region as the "Advisory Committee" for development of a Community Safety and Well-Being Plan as required in accordance with Part XIII of the *Police Services Act, 2018.* Additional revisions establish the Board's role in providing advice to the Commissioner of Community and Health Services on human services planning and service system management.

3. Background and Previous Council Direction

Part XIII of the Police Services Act, 2018 requires Municipal Councils to prepare and adopt a Community Safety and Well-Being Plan and establish an Advisory Committee

Bill 175, the Safer Ontario Act, 2018 received Royal Assent in March 2018. In <u>March 2018</u>, Council received a report and memorandum on implications of the Act. Additional details, analysis and requirements of the Act were identified to Council in <u>May 2018</u>. The Safer Ontario Act, 2018 repeals the existing Police Services Act, and replaces it with six related statues including the Police Services Act, 2018. The legislated requirement for Community Safety and Well-Being Plans is now included in Part XIII of the Police Services Act, 2018 and is no longer referred to as the Safer Ontario Act, 2018. Provisions in the Police Services Act, 2018 (the Act) requiring municipalities to develop and adopt a Community Safety and Well-Being Plan will come into effect on January 1, 2019. Council will therefore be required to prepare and adopt its first Community Safety and Well-Being Plan by December 31, 2020.

The purpose of these Plans is for municipal government, police, community based organizations and other representatives to work collaboratively to find solutions to crime, victimization and community safety issues by mobilizing resources. Municipalities that are required to prepare Plans must establish an Advisory Committee to consult with as part of developing the Plan. York Regional Police has expressed interest in a partnership with the Region to develop and implement a Community Safety and Well-Being Plan.

The Act only requires the Region to prepare and adopt a Community Safety and Well-Being Plan and establish an Advisory Committee and not local municipalities within a Regional municipality

The Act now includes a definition of the meaning of municipality which does not include local municipalities within a Regional municipality. Consequently, there is no mandatory requirement for local municipalities in the Region to develop and adopt these plans. The requirement still exists for the Region as a Regional municipality and single-tier municipalities such as City of Toronto.

Council directed the Commissioner of Community and Health Services to revise the mandate of the Human Services Planning Board of York Region to incorporate the "Advisory Committee" requirements set out in the *Police Services Act, 2018*

In <u>March 2018</u>, Council directed staff to revise the Board's Terms of Reference to expand its mandate to include the legislative requirement to act as the Advisory Committee to Council for preparation of a Community Safety and Well-Being Plan. The Board is well positioned to take on this new and expanded role:

- Membership already includes representatives from many of sectors required by legislation (others will need to be added)
- Board's current mission is "to develop and implement systems solutions which enhance community health and well-being". The Board's current approach to bring a 'systems-thinking' lens to its work, seek new ideas/innovative solutions, focus on prevention, collaboration, advocacy and engage with communities aligns with the purpose of Community Safety and Well-Being Plan.

Human Services Planning Board of York Region Members are interested in taking on the Advisory Committee role and being more engaged in the human services delivery system

The Board is currently in the final year of its 2015 to 2018 term. The Board's Terms of Reference is reviewed and amended, if needed, in the fourth year of every Council term. The Terms of Reference was last reviewed and amended by Council in <u>May 2014</u>.

Human Services Planning Board of York Region Members were surveyed and interviewed through group and one-to-one meetings to determine what was working well and areas for improvement

Members also provided specific feedback on the implications of the proposed expanded Board mandate to include new legislative requirements of the *Police Services Act, 2018.* Key findings included:

- Members support the proposed expanded Advisory Committee role and feel the mission of the Board fits with the purpose and goals of community safety and well-being
- Members point out a strength of the Board is that it brings a systems approach to its collaborative work and has a good mix of representation from different sectors and decision makers around the table
- Members recognize the Board functions well and achieves a common understanding in setting collective goals, research and communication to the broader community
- Members recognize the Board has strong governance and administrative leadership, which are critical to the success of any collaborative
- Members would like to continue as a standing community group of senior leaders that advises the Region on human services issues, challenges and solutions. They want to provide strategic advice, learn and be more engaged with evolving issues in the human services system, related social policies, and the Region's role as a service system manager. They also want to continue with the current mandate and complete the actions that were endorsed by Council in <u>January 2017</u>.
- Members support a reduction in overall membership of the Board to further enhance effectiveness. Non-members may be invited to participate on working groups to provide specific expertise as required.

A list of current members is provided in Attachment 2.

4. Analysis and Implications

Attachment 1, the proposed revised Terms of Reference for the Board includes new responsibilities under the *Police Services Act, 2018* and addresses findings of the review

Highlights of the recommended revisions include the following:

Mandate: Revised to include three components:

- Continue maintain current/existing capacity building and collaborative advocacy initiatives within the human services sector
- New act as an Advisory Committee as set out in the Act, and potentially also for future federal and provincial legislated requirements related to human services, community safety and well-being, subject to approvals of authority as required
- New act as a consultative body on matters related to Community and Health Services Department priorities to inform planning and delivery of integrated human services policies and programs

Composition: Revised to include the following:

- At a minimum, composition of the Board will meet legislated requirements under the <u>Police Services Act, 2018</u>, many of which are achieved by the current membership, as shown in Table 1. New members are required in areas such as a representative of the Police Services Board and representative from an entity that provides custodial services to children or youth in York Region.
- Membership is reduced from a maximum of 26 members to a maximum of 24 members to allow the Board to be effective operationally and to address the expertise needed to provide advice on the Community Safety and Well-Being Plan. The Regional Chair and Chief Executive Officer are Ex-Officio members, and not counted in the 24 member maximum.
- Advisors and Resources will participate in the work of the Board as required. As they are not members, they are not counted in the 24 member maximum.
- Selection of membership will continue to consider the need for the Board to be representative of the Region, while having regard for diversity of the population.

Table 1

Proposed changes to Membership of Human Services Planning Board of York Region in response to composition requirements of *Police Services Act, 2018 and Review Findings*

Sectors	Proposed	Rationale
Custodial services to children and youth	Add	Required by Act
Representative of York Region Police Services Board	Add	Required by Act
Local Health Integration Network or services to improve physical or mental health	No change, continuation	Required by Act
Educational services	No change, continuation	Required by Act
Community or social services	No change, continuation	Required by Act
Community or social services to children or youth	No change, continuation	Required by Act
Municipal employee or member of York Region Council	No change, continuation	Required by Act
Any other person prescribed in regulation	To be determined	Required by Act
Community Leaders	No change, continuation	Support Delivery of Board Mandate
The Regional Chair and Chief Executive Officer as an ex- officio member	No change, continuation	Support Delivery of Board Mandate
Advisors and Resources (non- members)	No change, continuation	Support Delivery of Board Mandate

• **Resignation of Members:** Revised to clarify that if there is a resignation during the term, Council or the Regional Chair may appoint another member to serve the remainder of the term

- Working Groups: "Action Groups" have been renamed "Working Groups". Working Groups may be established by the Board on an as needed basis to undertake specific initiatives. A Community Safety and Well-Being Plan Working Group will be established. Working Groups shall be chaired by a member of the Board. Membership will be decided by the Co-chairs, and may include non-members of the Board such as representatives of local municipalities, provincial or federal governments, agencies, organizations and community members at the direction of the Board to help support delivery of the Board's mandate.
- Other Updates: Housekeeping changes to make the format and organizational structure consistent with other recent advisory committees' Terms of Reference. To enhance accessibility, the Terms of Reference was simplified.
- Consistent with the practice of the current Board and the Region's other advisory committees, the practice of not remunerating members will continue

Recruitment planning for the 2019 to 2022 Human Services Planning Board of York Region will begin summer 2018, and new members will be appointed by Council in spring 2019

A selection committee comprised of the Regional Chair, the Chief Administrative Officer and the Commissioner of Community and Health Services are responsible for recruiting the Board members.

Organizations/entities within each sector will be canvassed by staff to elicit their interest in putting forward an individual to represent the sector. The selection committee will chose individuals based on factors such as the needs of the Board, in-depth knowledge and experience in the human services sector in York Region, and the individual's expertise and executive level influence in representing the highest levels of authority within an organization in their respective sector. Organizations and individuals that formally accept the offer of membership, subject to Council approval, will be recommended to Council for appointment in spring 2019.

5. Financial Considerations

The new mandated responsibilities will require additional resources

The Province has mandated new responsibilities to develop, consult, publish, implement, monitor, evaluate and report on progress of municipal Community Safety and Well-Being Plans. As reported earlier this year, the requirements are

significant and cannot be met within existing resources. Both Council and the Association of Municipalities of Ontario have asked the Province to fund this new obligation.

By revising the Board's Terms of Reference to function as the Advisory Committee and using existing capacity assigned to the Board, it will help deliver on the new legislated requirements to some extent, however, current capacity is not sufficient to deliver on all of the new mandated requirements. In addition, as regulations have not yet been released, it is not possible at the current time to fully assess all potential impacts, including resource implications. Any additional costs incurred in 2018 will be managed within existing approved budgets and any provincial funding made available will be leveraged. Future staffing and budget needs will be addressed through the upcoming budget process.

6. Local Municipal Impact

Local municipalities within the Region do not have to develop and adopt a Community Safety and Well-Being Plan or establish an Advisory Committee. The Region will consult with local municipalities as part of developing the Plan. Enhanced local knowledge and identification of local partnership opportunities and will support the Region's ability to respond to human service systems changes impacting our communities.

7. Conclusion

The Human Services Planning Board is able to efficiently and effectively advise, collaborate and advocate for enhancing community health and well-being in York Region. The Board's strength and experience with innovation, working well together, strong leadership, and collaboration are assets that serve well in changing environments. Board members are senior decision makers from a wide range of human service sectors, able to provide strategic advice, identify and implement partnerships, and to advocate for ongoing improvements to human services in York Region. These strengths position the Board well to take on the new requirements under the Act to advise Council on the Community Safety and Well-Being Plan.

Staff will continue to monitor progress of the pending provisions and future regulations under the statutes contained in the *Police Services Act, 2018* and the potential impacts on the Region.

Human Services Planning Board of York Region Terms of Reference

Description

The Human Services Planning Board of York Region (the Board) is a committee appointed by Regional Council. Board members are bound by these Terms of Reference and are responsible to Regional Council. The Board will report to Regional Council through the Community and Health Services section of Committee of the Whole, where applicable.

Mandate

The mandate of the Board is to provide Regional Council and staff with strategic advice on human services matters in York Region, including but not limited to, providing the Advisory Committee function as set out in the *Police Services Act, 2018*.

This mandate will be fulfilled by considering and providing input in three areas:

- Capacity building, community engagement and collaborative advocacy initiatives related to human services, community safety and well-being
- Legislated requirements related to human services and community safety and wellbeing, such as but not limited to the *Police Services Act, 2018*
- Development and delivery of integrated human services policies and programs

Membership

1. Composition

Membership will consist of up to 24 persons, not including the Regional Chair and Chief Executive Officer (Ex-Officio) and various Advisors and Resources. The membership shall be composed of, at minimum:

- A person who represents,
 - A local health integration network for York Region, as determined under the *Local Health System Integration Act, 2006*, or
 - An entity that provides services to improve the physical or mental health of individuals in York Region
- A person who represents an entity that provides educational services in York Region

Human Services Planning Board of York Region Terms of Reference

Human Services Planning Board of York Region Terms of Reference

- A person who represents an entity that provides community or social services in York Region, if there is such an entity
- A person who represents an entity that provides community or social services to children or youth in York Region, if there is such an entity
- A person who represents an entity that provides custodial services to children or youth in York Region, if there is such an entity
- A person who represents the York Region Police Service Board
- Any other person prescribed in regulation
- One to four members of Regional Council
- Community Leaders
- The Regional Chair and Chief Executive Officer is an ex-officio member
- Advisors and Resources such as key representatives from a cross section of senior level governments or community offices.

Advisors and Resources shall generally serve in an advisory role and provide advice to the Board on funding opportunities and policy developments from governments and community offices they represent. Advisors and Resources will be invited to attend Board meetings but it is not a requirement. The Regional Chair and Chief Executive Officer as an ex-officio member will be invited to attend Board meetings but it is not a requirement.

Regional Council has final approval of the members and shall consider the need to ensure that the Board is representative of the municipalities, having regard for the diversity of the population of York Region and to be consistent with other advisory committees to Council.

Members will be required to sign the Human Services Planning Board of York Region Membership Responsibility Agreement (Appendix 1).

2. Qualifications

To support delivery of the Board's mandate, preference will be given to persons at executive levels representing the highest levels of authority within an organization in York Region in a human services sector that benefits York Region residents, or has indepth knowledge, experience and influence within the human services sector.

3. Terms of Office

Members appointed to the Board will serve for a term of up to four years to coincide with the term of Regional Council. Members remain eligible for reappointment after each municipal election.

4. Recruitment

A Selection Committee comprised of the Regional Chair, the Chief Administrative Officer and the Commissioner of Community and Health Services are responsible for recruiting Board members. Candidates shall provide formal confirmation of acceptance to the Selection Committee's formal invitation. The list of prospective members endorsed by the Selection Committee shall be presented to Regional Council for approval and appointment.

5. Appointment of Co-Chairs

Board Co-Chairs shall be appointed by the Regional Chair or York Region Council. One Co-Chair position shall be a member of Regional Council and the other Co-Chair shall be a member of the Board.

6. Membership Review

The membership may be reviewed and evaluated annually by Regional Council or the Regional Chair based on the ability of members to carry out responsibilities outlined in the Human Services Planning Board of York Region Membership Responsibility Agreement. Council has the ability to remove members should they fail to fulfill the responsibilities of the Membership Responsibility Agreement.

7. Resignation of Members

Resignation of a member during the term of the Board must be given in writing to the Co-Chairs. Regional Council may choose not to fill a vacancy, except where a resignation will leave the Board unable to meet the minimum composition.

In order to maintain a high level of commitment, members may be required to resign if they have been absent for three consecutive meetings without good cause.

8. Reimbursement of Expenses

Members of the Board serve without remuneration. Members who are persons with disabilities will be provided with the resources related to their disability and that are deemed necessary for them to fully participate on the Board.

Meetings

A majority of the membership with at least one Co-Chair shall constitute a quorum, unless the membership is comprised of an even number, in which case the quorum is one-half of the membership.

Board meetings shall be scheduled on a quarterly basis, with no less than three meetings held per year. A public meeting with full membership must be held at least once per year. Additional meetings may be scheduled as required at the call of the Co-Chairs. Meetings will generally be held at the York Region Administrative Centre, located at 17250 Yonge Street in Newmarket.

The Board, by resolution or through its Co-Chairs, may invite any individual, interest group, agency or consultant to appear at a meeting of the Board or of a Working Group

as a delegation or to submit or present information which will assist the Board in carrying out its mandate.

Structure

1. Organizational Structure

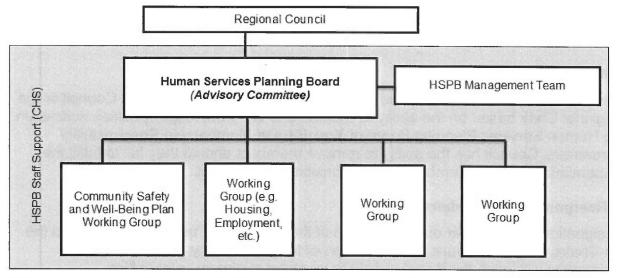

Figure 1 – Organizational structure for the Human Services Planning Board of York Region

2. Advisory Committee

The Board will also serve as an advisory committee for legislative requirements and other issues related to human services and community safety and well-being as part of its mandate. Legislative requirements include but are not limited to the *Police Services Act, 2018*.

3. Management Team

The Human Services Planning Board of York Region Management Team will provide leadership to the Board, including agenda review and approval, direction, procedural guidance and other applicable matters. The Management Team will be comprised of the Board Co-Chairs, Commissioner of Community and Health Services. The Co-Chairs will provide guidance, direction and community perspective and the Commissioner of Community and Health Services will set the agenda, bring forward Regional priorities, and provide procedural guidance.

4. Working Groups

The Board, in consultation with the Board Management Team, may establish working groups as required to undertake specific initiatives to address issues or legislated requirements related to human services matters. Working groups shall report to the Board.

Working groups shall be chaired by a Board member (or a designate) and may include non-members (such as non-elected representatives of local municipalities, provincial or federal governments, agencies, organizations and community members). Non-members of the Board appointed to a working group shall be required to sign the Human Services Planning Board of York Region Membership Responsibility Agreement (Appendix 1). A Project Charter shall be prepared for each group where appropriate and approved by the Board. Members of the Board shall participate on a minimum of one working group, where possible.

Membership of working groups will be decided by Co-Chairs. Working groups, by resolution or through its Chair(s), may also invite any individual, interest group, agency or consultant to appear at a meeting as a delegation or to submit or present information which will assist the group in carrying out its mandate.

A Community Safety and Well-Being Plan working group will be established to undertake the legislated requirement to develop a Community Safety and Well-Being Plan.

5. Staff Support

Community and Health Services Department staff will provide expertise and assistance to the Board, its Management Team and Working Groups. Regional staff will coordinate involvement of other Regional Departments and agencies as necessary, and prepare communications and materials as required by the work of the Board.

6. Resources

Expenses and other resources for the normal ongoing work of the Board shall be provided as part of the Region's operating budget.

Conduct and Procedures

1. General

Where not otherwise specified in these Terms of Reference, conduct and procedures of the Board will be governed by the relevant policies and procedures of the Board.

2. Conflict of Interest

Member conflict of interest matters will be addressed through the Human Services Planning Board of York Region Membership Responsibility Agreement.

3. Reporting Structure

The Commissioner of Community and Health Services will report the Board's work plans and activity to Regional Council through the Community and Health Services section of Committee of the Whole.

4. Amendments to the Terms of Reference

These Terms of Reference will be reviewed and amended to meet legislative or strategic direction changes as appropriate, or in the fourth year of every Regional Council term.

Regional Council will have the authority to make changes to these Terms of Reference as required.

Appendix 1

Membership Responsibility Agreement

I, _____, understand that I have the following responsibilities as

a member of:

The Human Services Planning Board of York Region and its working groups

A working group of the Human Services Planning Board of York Region

My role is to provide Regional Council and staff with advice regarding human services matters in York Region.

As a member of the Human Services Planning Board of York Region or one of its working groups, I understand and agree to carry out the responsibilities set out in this Membership Responsibility Agreement and further detailed in the Terms of Reference.

I understand that if I fail to fulfill those responsibilities, I may be removed as a member of the Human Services Planning Board of York Region or one of its working groups.

Responsibilities

Minister Michael Tibollo Ministry of Community Safety and Correctional Services 25 Grosvenor Street 11th Floor Toronto, Ontario M7A 1Y6

Dear Minister Tibollo

I would like to once again thank you for taking the time to meet on September 5 and to introduce you to the York Regional Police ("YRP") Executive Command Team. I appreciate the fact that our conversation spanned a number of critical issues, many of which have financial implications.

The majority of the Ministry's large grants and the Court Security and Prisoner Transportation upload have agreements with YRP that conclude on March 31, 2019 The forthcoming contractual end dates, coupled with the ongoing provincial comprehensive review, has introduced a revenue risk to the 2019 budget process. I wanted to bring to your attention that due to calendar year based timelines, I have asked YRP Financial Services staff to table the 2019 Budgets at a Police Services Board meeting on September 26, 2018 with a follow-up meeting planned on November 7, 2018.

I am seeking your assistance for status of potential grant and upload extensions ideally in a timeframe to make adjustments to the 2019 budget in advance of the November 7, 2018 approval date. Thank you in advance for your time in this matter.

	Yours truly

THE REGIONAL MUNICIPALITY OF YORK POLICE SERVICES BOARD

REPORT OF THE CHIEF OF POLICE

SEPTEMBER 26, 2018

Interim Financial Reporting for the Period Ending July 31, 2018

RECOMMENDATION

1. That the Board receive the unaudited interim financial reports for the seven month period ending July 31, 2018, pursuant to Financial Accountability Board Policy No. 01/05.

SYNOPSIS

The Regional Municipality of York Police Services Board (the "Board") is 50.2 percent spent at the end of July 31, 2018. York Regional Police is 56.7 percent spent for the same time period. A Schedule of Reserves Balances totalling \$10,527,456 and Schedule of Capital Budget Spending with current year totalling \$3,945,071, have also been supplied for information purposes.

FINANCIAL IMPLICATIONS

At this time, it is projected that the Regional Municipality of York Police Services Board and York Regional Police 2018 operating budgets will be within funding approved by the Regional Municipality of York Police Services Board, resulting in a surplus position. Financial analysis and reporting on all major accounts, including salaries, benefits, court time, overtime, fuel and investigative expenses are ongoing. Budget notes have been attached for all major variances.

BACKGROUND

The Board's Financial Accountability Policy states that "the Chief of Police shall report monthly on actual financial performance to the Police Services Board". The Regional Municipality of York Finance Department month-end accounting period is now complete and the unaudited interim financial reports for the Board and York Regional Police for the period ending July 31, 2018 are attached to this report.

Net expenditures for the Board are \$211,687 or 50.2 percent of budget. For comparison purposes, the Operating Budget for the Board was 49.7 percent spent at July 31, 2017. Favourable variances exist in the salaries, legal fees, and consultant fees accounts and offset ahead of plan membership fees, computer expenses, and public relations.

Net expenditures for York Regional Police are \$183,165,066 or 56.7 percent of budget. For comparison purposes, the Operating Budget for York Regional Police was 57.9 percent spent at July 31, 2017.

Expenditures for salaries and benefits are on budget. Favorable variances in investigative expenses, purchase of services, hydro water, and office cleaning accounts offset ahead of plan software maintenance, telecom contract, and radio licences expenses.

It is therefore recommended that the unaudited interim financial reports for July 31, 2018 be received in accordance with the monthly reporting requirements outlined in the Financial Accountability Board Policy No. 01/05.

FINANCIAL NOTES

SALARIES

The Salaries account is on budget with 58.2 percent spent at July 31, 2018.

Net Overtime is 85.5 percent spent which includes the estimated banked liability. Salary Overtime is over budget due to various investigative projects and Canada's Wonderland deployment in July. Court Overtime and Returned Overtime are over budget as well, causing an unfavorable variance. This is a normal pattern of overtime spending during the first half of the year. An increase in Returned Overtime is expected before year end, which will bring the net overtime to a surplus position. The actual payout to date before overtime bank accrual is \$689,971. For comparison purposes, net overtime as of July, 2017 was 68 percent spent.

BENEFITS

Employee benefits accounts are unfavorable at 62.2 percent spent. Contributions for Canada Pension Plan and Employment Insurance are expensed relative to earnings until maximums are reached whereas budgeted funding is measured evenly over the year. Last year at this time accounts were 62.9 percent spent.

OPERATING EXPENSES

Program Specific Expense

Overall spending is below budget. Favourable variances in major accounts including Photographic Equipment, Investigation Expense, and Personnel Agency Fees are due to timing of purchase, timing of quarterly allocation of monitors costs, and savings on court document deliveries.

Professional Contracted Services

Accounts including Legal fees, Purchase of Service, and Consulting Fees are well below budget.

General Expense

Overall spending is on budget. Software Maintenance, and Telecom Contracts accounts are over budget primarily due to timing of renewal of payments, including three quarters of Microsoft Licensing fees, eJust and Versaterm licences costs, and annual radio maintenance and license payments. Public relations spending is over budget. At it's March 21, 2018 meeting, the Board approved the disbursement of funds to the Community Safety Village expansion project and First Responders Day luncheon. The unfavourable variances are offset by under spending in Miscellaneous Allowance, Fleet Maintenance, and Staff Training accounts.

Financial Charges

Bank interest charges are slightly over budget.

Occupancy Expense

Expenditures for hydro, office cleaning, and repairs and maintenance of equipment are under budget, offsetting the unfavourable variance in heat and building maintenance accounts.

Minor Capital

Operating equipment purchase is below budget due to the timing of the procurement process.

Contribution to Reserves

Contribution to Reserve accounts are under budget due to timing of vehicle and equipment capital purchases. As per direction received from Region's Treasury Office in 2018, funding entries of contribution to capital reserves are booked on a guarterly basis based on actual capital spending.

REVENUES

Provincial funding is on budget.

Overall Fees and Charges revenue is ahead of budget. Favourable variances in accounts including Paid Duty, Clearance Letter, Volunteer Applicant Screening, and Radio Tower Lease revenue offset unfavourable variances in Accident Reports revenue. Accident reports revenue has fallen short due to lower than expected volume.

POLICE SERVICES BOARD PUBLIC RELATIONS FUND

Year-to-date contributions to reserves as of July 31, 2018 total \$46,606, all from forfeited monies. Interest earned on the account totals \$2,709. A draw from the reserve of \$225,630 has been made to pay for approved expenditures, and include the Board's disbursement to the Community Safety Village expansion project and the First Responders Day Luncheon.

DEVELOPMENT CHARGE RESERVE

Development charge collections to date total \$4,902,232. Interest earned on this account totals \$169,192. Combined payments made on the development charge portion of debentures and capital projects total \$4,080,130.

SICK BANK RESERVE

The year-to-date contribution of \$875,000 is on plan.

PUBLIC

THE REGIONAL MUNICIPALITY OF YORK POLICE SERVICES BOARD

REPORT OF THE CHIEF OF POLICE

SEPTEMBER 26, 2018

Direct Purchases for Beyond Five Years

RECOMMENDATIONS

- That the Board authorize the renewal of agreements for software maintenance, equipment maintenance, specialized items, and psychological and medical assessments with the contractors listed in Appendices 1 and 2, effective October 2018, for up to five (5) additional terms of one year, provided that the contractor has performed satisfactorily and that sufficient funds have been provided in the annual budget; and
- 2. That the Chief be authorized to execute the agreements on behalf of the Board.

SYNOPSIS

This report seeks the Board's authorization to renew existing contracts for further terms of up to five years for software and equipment maintenance and support, specialized items and psychological and medical assessments. This request seeks the Board's approval to renew the contracts required for a period longer than five years. Compatibility with existing facilities, equipment or services is the paramount consideration for the recommendations. Section 18.1 of the Purchasing Bylaw requires Board approval where the renewal or extension of a contract will result in an aggregate term of greater than five years.

FINANCIAL IMPLICATIONS

Funding is included in the 2018 Operating Budget totalling \$11,496,000 for the accounts reflected in this report including: software maintenance \$3,372,500; vehicle repairs and maintenance \$1,652,500; radio system licenses \$167,000; fuel \$2,816,800; personnel agency fees \$877,800; uniforms \$1,400,800; and, purchases of services \$1,208,600. The funding to renew outlook years is included in the 2019 Operating budget proposal and subject to the annual approval of the Board and Regional Council.

BACKGROUND

At its June 25, 2014 meeting, the Board approved direct purchases for software maintenance and support, training and education and specialized items for a period of up to five years. The June 2014 report was developed in accordance with a new direct purchase process outlined in Purchasing Bylaw 06-14 that removed the prior Schedule A exemption treatment. Subsequent amendments to the Purchasing Bylaw 10-17 exempted certain procurement activities including training and education.

Software licenses, equipment requiring maintenance support contracts and specialized items are required to support programs and services. The products listed in Appendix 1 are used by members to perform their daily duties. The software, equipment and specialized items have been in use for several years and continue to satisfy user performance and expectations.

At its May 20, 2015 meeting, the Board approved direct purchases for psychological services to a list of providers for recruitment and wellness purposes. With the addition of Doctors Kyle Handley and Joshua Goldstein of the Psychological Services Bureau, the vast majority of Project Safeguard assessments have transitioned from external to internal service delivery. Going forward, it is anticipated further insourcing of psychological assessments will continue including a possible expansion of Project Safeguard. However, pre-employment psychological screening, medical and wellness assessments are expected to continue to be outsourced. As the practices evolve, psychological and medical assessments will continue to be a mix between internal service delivery and external service providers as listed in Appendix 2 at an average cost of up to \$253,000 annually.

It is therefore recommended that the Board approve the renewal of direct purchase agreements requiring Board approval for terms that exceed five years, with an upset limit totalling \$10,254,700 over a five year period and contingent upon approval within the annual budget.

THE REGIONAL MUNICIPALITY OF YORK POLICE SERVICES BOARD

REPORT OF THE CHIEF OF POLICE

SEPTEMBER 26, 2018

Purchasing By-Law Quarterly Reporting

RECOMMENDATION

1. That the Board receive this report pursuant to the Purchasing By-Law 10-17 quarterly reporting requirements.

SYNOPSIS

In accordance with the Police Services Board's Purchasing By-Law 10-17, this report contains a summary of purchasing matters that were executed in the second quarter of 2018.

FINANCIAL IMPLICATIONS

The funds necessary to satisfy the terms of each contract identified in this report were included in the 2018 Operating or Capital Budgets.

BACKGROUND

In accordance with the Purchasing By-Law 10-17, additional authority has been granted to permit the Deputy Chiefs to execute documents related to the programs and projects under their portfolio of responsibility.

In accordance with the Purchasing By-Law No. 10-17, a quarterly report is required to advise the Board of the following matters:

- The award of any contract as a result of a request for tenders and awarded by the Deputy Chief or Chief of Police; and
- The award of any contract as a result of a request proposal and awarded by the Deputy Chief or Chief of Police; and
- Any expenditures made as a change in scope/additional deliverables and awarded by the Chair and Chief of Police.

The agreements and undertakings in accordance with the Purchasing By-Law No. 10-17 are identified in Appendix 1 and Appendix 2. All amounts listed exclude taxes. It is therefore recommended that the purchasing second quarter report be received.

Eric Jolliffe, O.O.M., BA, MA CMM III Chief of Police

THE REGIONAL MUNICIPALITY OF YORK POLICE SERVICES BOARD

REPORT OF THE CHIEF OF POLICE

SEPTEMBER 26, 2018

2018 Semi-Annual Statistics

RECOMMENDATION

1. That the Board receive this report pursuant to Police Services Board Crime, Call and Public Disorder Analysis Policy No. 02/00-5

SYNOPSIS

Pursuant to the long-standing practice of York Regional Police, crime statistics are presented to the Board every six months. For the benefit of the Board, a summary of selected crime statistics providing an overview of incidents that were reported between January 1 and June 30, 2018, has been compiled. Crime rates are estimated per 100,000 population using population estimates of Regional Municipality of York Long Range Planning Department. The 2018 midyear population estimates were revised based on adjusted 2016 Census counts recently released by Statistics Canada.

During the first half of 2018 as compared to the first half of 2017, the overall Crime Rate (Criminal and Federal Violations excluding Traffic) increased 3.1 percent. The rate of Crimes Against Persons increased 8.8 percent, the rate of Crimes Against Property increased 0.7 percent, the rate of Other Criminal Code violations increased 5.9 percent, the rate of Weapons Violations increased 41.3 percent, the rate of Other Federal Violations increased 20.0 percent, and the rate of Criminal Code Traffic Violations increased 9.4 percent. There was drop in the crime category of Drug Violations (5.1 percent).

In 2018, changes were made to the Uniform Crime Reporting Survey (UCR) relating to Bills C-37: "An Act to amend the *Controlled Drugs and Substances Act* and to make related amendments to other Acts" and C-46: "An Act to amend the *Criminal Code* (offences relating to Conveyances) and to make consequential amendments to other Acts". York Regional Police is working with our Records Management System vendor to implement the required updates. Crime statistics of January-June presented in this report are not impacted by the changes. The crime statistics shown in this report represent only a preliminary year-to-year comparison of six-month data from January to June. A more detailed analysis including both a one year and five-year trend analysis will be undertaken in early 2019 and will be incorporated in the statistical report for the entire year of 2018.

FINANCIAL IMPLICATIONS

Not applicable.

The **Youth Crime** rate per 1,000 youth population decreased to 9.41 (by 18.0 percent) in the first six months of 2018, compared to 11.47 in 2017. The number of identified Youth involved in criminal incidents (formally charged and processed by other means) in York Region decreased to 1,020 (by 17.0 percent) in 2018 compared to 1,229 in 2017. The number of young persons charged decreased 5.8 percent and the number of youths processed by other means decreased 21.0 percent.

Over the past five years, January-June crime rates in York Region have been gradually increasing. This statistical report reflects a comparison of first six months of 2018 to the first six months of 2017 and provides a preliminary snapshot of crime trends over the six-month period. The crime rate increase of 3.1 percent is not alarming and may be partially attributed to revised population estimates. York Regional Police will continue to monitor crime rates and realign strategies accordingly. External factors such as global events, economic changes and political trends will be analyzed. We will work with our community partners to respond accordingly to ensure safety and security of our communities.

We appreciate the continued support of our Police Services Board, Regional and Local Councils, community leaders, community partners and the citizens of York Region. We strongly believe that, together we can keep York Region as one of the safest communities in Ontario and Canada to live, to visit and to conduct business.

Note: Crime rates are estimated based on the mid-year population estimate received from the Regional Municipality of York. The Regional Municipality of York has revised their population estimates of 2016, 2017 and 2018 based on the recent release of Census 2016 counts by Statistics Canada. As per York Regional Police policy, crime rates published in mid-2017 are not revised.

REPORT OF THE CHIEF OF POLICE

SEPTEMBER 26, 2018

Statistics Canada, Canadian Centre for Justice Statistics: 2017 National/Provincial Crime Statistics Rankings and Crime Severity Index Overview

RECOMMENDATION

1. That the Board receive this report pursuant to Police Services Board Crime, Call and Public Disorder Analysis Policy No. 02/00-5.

SYNOPSIS

Each year, York Regional Police conducts a review and analysis of both our internally generated statistics and those produced by the Canadian Centre for Justice Statistics (CCJS), a division of Statistics Canada. Our reporting practices to the Police Services Board include presentations of mid-year and year-end York Regional Police Crime Statistics reports based on internal data and a separate National/Provincial Crime Statistics Ranking report based on CCJS data. The 2017 Annual Statistical Report was presented at the April 25, 2018 meeting of the Police Services Board and the 2018 January-June Statistical Report is being presented at the September 26, 2018 Board meeting.

The 2017 National/Provincial Crime Statistics Rankings report is included in Appendix 1. It has been compiled utilizing data from CCJS, based on the Uniform Crime Reporting (UCR) Survey. Crime rates are based upon Criminal Code incidents, excluding traffic offences. CCJS counts for criminal offences are based upon the most serious violation in the incident. The nine largest police services in Canada, which constitute 34% of Canadian population, are selected as national comparators. Also, the nine largest police services in Ontario, which constitute 66% of Ontario population, are selected as provincial comparators. Police services used as comparators in this report have been selected because they have policing jurisdictions with greatest similarity to York Region.

The Crime Severity Index (CSI) introduced by CCJS in 2009, is a measure of police-reported crime that reflects the seriousness of individual offences and tracks changes in crime severity over time. All offences, including traffic are included in the CSI. It is meant to complement other existing crime measures that reflect the volume of reported crime. A more detailed explanation of the CSI is included in this report and the scores for York Regional Police for total crime and for violent and non-violent crime as compared to the national and provincial indexes for 2016 and previous years is included in Appendix 2. Additionally, weighted clearance rate is based on the same principle as the CSI, whereby more serious offences are assigned a higher weight than less serious offences. A weighted clearance rate comparison has also been included in Appendix 2.

When examined together with our internal crime statistics, the statistics produced by CCJS provide us a greater understanding of York Region crime trends and the impact of crime on our communities. We will continue to review the annual statistics produced by CCJS, along with our internal crime statistics, in order to assist us with the development and review of our policing priorities, operational strategies and crime prevention programs.

BACKGROUND

Crime Statistics Rankings

Tables 1 - 4 below indicate the 2017 rankings of York Regional Police in comparison to its national and provincial counterparts, based on the CCJS Crime Rate and Clearance Rate data. A more detailed summary of the CCJS National and Provincial Crime and Clearance Rate rankings is included in Appendix 1 attached. The national ranking is made based on data from the nine regional/municipal police services serving the largest populations, including York, Toronto, Peel, Ottawa, Montréal, Winnipeg, Calgary, Edmonton and Vancouver. The nine services ranked at the provincial level include York, Durham, Toronto, Peel, Halton, Ottawa, Hamilton, Niagara and Waterloo.

Tables 1 and 3 show that York Regional Police's 2017 crime rate ranked first (lowest) amongst its national comparators in the categories of Crimes Against Property and Total Criminal Code incidents for the twelfth consecutive year (note: five year data shown only) and ranked second in the category of Crimes Against Persons. Table 1 also shows York Regional Police's ranking amongst the provincial police services was second (to Halton) for the categories of Crimes Against Persons. Against Property and Total Criminal Code, and was third for the category of Crimes Against Persons.

Tables 2 and 4 show that York Regional Police's clearance rate in 2017 ranked first (highest) among its national comparators in the categories of Crimes Against Persons and Crimes Against Property. York Regional Police's national clearance rate ranking for Crimes Against Property remained first for the seventh consecutive year (note: five-year data shown only). Table 2 shows York Regional Police's Total Criminal Code clearance rate ranked second to Edmonton. Table 2 also shows provincially, York Regional Police's clearance rate ranked second (highest) for Crimes Against Property and Total Criminal Code, and third for Crimes Against Persons.

The Crime Severity Index (CSI) is a method of measuring police-reported crime that tracks changes in the severity of crime from year to year. It does so by taking into account not only the change in volume of a particular crime, but also the relative seriousness of that crime in comparison to other crimes. Unlike the traditional crime rate, all Criminal Code offences including Criminal Code traffic offences and other federal statue violations are included in the CSI. The CSI includes three separate indexes for Total Crime, Violent Crime and Non-Violent crime. The Violent CSI comprises all police-reported violent violations and the Non-Violent CSI is comprised of all police reported property violations. The CSI is not meant to replace, but rather complement, the existing police reported crime rate, as well as victimization data.

The CSI provides a more comprehensive view of crime in our communities and how it compares to provincial and national values. Each crime is assigned a weight depending on its seriousness and as such, serious crimes will have more impact on fluctuations in the Index. Individual weights have been determined according to the severity of the sentences handed down by judges using the most recent data available from the courts through Statistics Canada's Adult and Youth Courts Surveys.

The Index measures are standardized to 100 using a base year of 2006 to facilitate comparisons across police services and against the national and provincial averages. CSI scores below 100 imply that the service has a lower crime rate compared to other police services and scores above 100 imply a more serious crime rate compared to other police services.

Table 5 below shows the CSI scores for York Regional Police for total crime, violent and nonviolent crime, and the 2017 provincial and national indexes. In all Index categories, York Region scores were significantly lower than provincial and national indexes. The scores for Total CSI and Non-Violent CSI increased moderately from 2016 measures, but substantially increased for the Violent CSI.

Table 6 shows the top five national and provincial CSI rankings for York Regional Police using the same comparator police services that were ranked in previous tables. York Regional Police ranked lowest in all Index categories among its national comparators and ranked second in all Index categories among its provincial comparators. This is unchanged from 2016. Appendix 2 attached shows the detailed 2017 CSI rankings for all comparator police services.

Weighted Clearance Rate Overview

In order to enhance comparability of clearance rates, CCJS introduced weighted clearance rates in December 2009 in the annual Police Resources in Canada report. The weighted clearance rate is based on the same principle as the CSI, whereby more serious offences are assigned a higher weight than less serious offences. Applying this concept to clearance rates means that, for example, the clearance of a homicide, robbery or break and enter receives a higher weight than the clearance of less serious offences such as minor theft, mischief and disturbing the peace. Weighted clearance rate comparisons for national and provincial jurisdictions in the last five years is provided in Appendix 2.

Table 7 below illustrates the weighted clearance rates for total crime, violent crime and nonviolent crime in 2017 and percentage changes from previous year in York Region. It also shows provincial and national weighted clearance rates for the three categories. In 2017, clearance rates in York Region increased marginally for total and non-violent crimes but decreased for violent crime.

Table 7 - 2017 YRP Weighted Clearance Rate

Table 8 highlights the top five national and provincial Weighted Clearance Rate rankings for York Regional Police using the same comparator police services that were ranked in previous tables. York Regional Police ranked first in Violent Weighted Clearance Rate and Total Weighted Clearance Rate, and ranked second (to Edmonton) in Non-Violent Weighted Clearance Rate amongst its national comparators. Provincially, York Regional Police ranked third in Total Weighted Clearance Rate and Violent Weighted Clearance Rate, and improved to second rank in Non-Violent Weighted Clearance Rate. Appendix 2 details the 2017 Weighted Clearance Rate rankings for all nine national and provincial comparator police services.

<u>Summary</u>

In 2017, York Regional Police's rankings on crime statistics remained similar to 2016 amongst the national and provincial comparators, with minor shifts. Amongst the national comparators, the ranking improved from second to first for the (non-weighted) clearance rate for Crimes Against Persons. Provincially, the clearance rate ranking for Crimes Against Persons improved from fourth to third and ranking of the Non-Violent Weighted Clearance Rate improved from fourth to second. York Regional Police's Crimes Against Persons rate ranking declined to second nationally and declined to third provincially.

We are pleased to have maintained relatively consistent results in both our Crime Rate and Clearance Rate rankings and in the CSI scores and Weighted Clearance Rate that are based on 2017 statistical reports from the CCJS. The report affirms that York Region continues to be one of the safest communities in Canada. These results are a direct reflection of the strides we have made in ensuring adequate and effective policing in fulfilment of our core responsibilities of crime prevention, law enforcement, victims assistance, public order maintenance and emergency response services. It also reflects our ongoing commitment to partnerships, safety initiatives and innovative programming that meet the needs of our community. Our success would not be possible without the continued support of the Police Services Board, Regional and Municipal Councils, our community partners and the citizens of York Region who help us ensure all citizens feel safe through excellence in policing.

THE REGIONAL MUNICIPALITY OF YORK POLICE SERVICES BOARD

REPORT OF THE CHIEF OF POLICE

SEPTEMBER 26, 2018

Inclusion Charter for York Region

RECOMMENDATION

1. That the Board receive and endorse the Inclusion Charter for York Region pursuant to the Police Services Board Equity and Inclusion Policy No. 04/11, the Police Services Board Governance Accessibility Policy 01/13 and the Police Services Board Accessible Customer Service Policy 04/09.

SYNOPSIS

The Regional Municipality of York Police Services Board (the "Board") is committed to sustaining an inclusive environment for York Regional Police members and the citizens of the Region. The Inclusion Charter for York Region is a partnership initiative that brings together businesses, community organizations and agencies, municipalities, hospitals, school boards and conservation authorities, as well as York Regional Police, with a common commitment to welcoming and inclusive communities. By endorsing the attached Charter, participating organizations commit to taking action to incorporate the Charter's vision in their organization and in the community.

FINANCIAL IMPLICATIONS

Not applicable.

BACKGROUND

York Region's diversity is a source of strength, vitality and economic opportunity. Its residents speak over 120 different languages and come from 230 distinct ethic origins. Emerging from the work of the Community Partnership Council which leads strategies to welcome newcomers to York Region, the Inclusion Charter model was identified as an effective way to respond positively to rapidly changing demographics within the Region. Through York Regional Police's 2017-2019 Business Plan, the Police Services Board made a commitment to promote the values of equity, diversity and social inclusion for all.

In 2016, the York Region Municipal Diversity and Inclusion Group was formed to develop the Inclusion Charter. The group is co-chaired by York Region and York Regional Police and includes members from local municipalities, hospitals, school boards, agencies, conservation authorities and the United Way Greater Toronto.

Each of the 20 participating organizations has endorsed or has plans to endorse the Inclusion Charter. Together we will collectively take actions that demonstrate our commitment to inclusion.

The Inclusion Charter is the result of extensive consultations and discussions with individuals, employees, organizations, boards, councils and groups. Community consultations in 2015, 2016 and 2017 with over 1,800 people contributed to the development of the Charter.

The Inclusion Charter has international support. The United Nations Institute for Training and Research recognizes the Inclusion Charter as a leading practice model that communities around the world can use to become more inclusive. The Charter bears the United Nations Institute for Training and Research logo in recognition of its support.

The Inclusion Charter initiative reflects best practices in other jurisdictions. Organizations and agencies across all sectors are embracing diversity and inclusion values and strategies as a best practice to enhance business performance, social inclusion and respond positively to demographic shifts. Some jurisdictions, including the Region of Peel and City of Toronto, have adopted a diversity and inclusion charter model to help build inclusive communities.

The Inclusion Charter is designed to include a common commitment of inclusion by all participating community partners. In addition, the common commitment notes that the Charter is also grounded in federal and provincial legislation that promotes human rights and accessibility.

Each partner will endorse their own version of the Inclusion Charter and develop unique actions to bring the spirit of the Charter to life within their own organization. York Regional Police's proposed statement, in the third paragraph of the Charter, aligns with and promotes the Board's commitment to inclusion in the community and the workplace, which states:.

Together with other participating organizations, York Regional Police is committed to taking action to achieve the vision of the Charter in our organization and in the community. We celebrate its growing and diverse population as a source of strength, vitality and economic opportunity. Our commitment to inclusion enhances our on-going work to attract and retain the best talent, promote innovation and ensure our citizens feel safe and secure through excellence in policing. By endorsing this Charter, both the Police Services Board and York Regional Police affirm commitment to inclusion, whereby all people feel they belong and have access to the same opportunities.

York Regional Police will achieve the vision of the Charter by building on existing strategies, plans and actions. Some actions currently underway include:

- On-going development of an organizational Inclusion Strategy;
- Examination of a Gender Equity Strategy;
- Professionalism through Ethics in Policing Project;
- Launch of of an 2SLBGTQ+ Community Consultative Roundtable; and,
- Participation in The Black Experience Project York Region Report This research study explored the experiences of Black individuals in the Greater Toronto Area, including York Region.

To date, a number of the Municipal Diversity and Inclusion Group members have endorsed the Charter, including the Town of Georgina, York Region District School Board, Markham Stouffville Hospital, Southlake Regional Health Centre, United Way Greater Toronto, York Region Children's Aid Society and Toronto and Region Conservation Authority. The full endorsement chart is attached.

CONCLUSION

York Regional Police has taken an active role in developing the Inclusion Charter for York Region in collaboration with the Municipal Diversity and Inclusion Group and the Community Partnership Council. Together, member organizations and the community recognize that the Inclusion Charter offers an effective model for implementing positive change for our increasingly diverse populations across all municipalities.

Public Relations Fund Semi-Annual Report

RECOMMENDATION

1. That the Board receive this report in accordance with its Public Relations Reserve Fund Policy No. 08/08.

BACKGROUND

Sections 132(2) and 133(3) of the *Police Services Act* give Police Services Boards the authority to use the proceeds from the sale of unclaimed personal property and money found and seized by the police service for any purpose that it considers in the public interest. Pursuant to its statutory authority, the Police Services Board established the Public Relations Reserve Fund.

Section 8 of the Board's policy, which governs fund administration, requires that the Executive Director monitor expenditures and report semi-annually all activity in the Public Relations Reserve Fund, including revenue, disbursements and balance.

STATUS OF PUBLIC RELATIONS FUND

The Board's 2018 budget includes a total of \$75,000 for public relations. The Board's Public Relations Reserve Fund on January 1, 2018 was **\$301,187** and the fund balance as of August 31, 2018 was **\$129,112**.

Public Relations Reserve Fund Requests for Funding

RECOMMENDATIONS

- 1. That the Board approve an expenditure in the amount of \$500 from the Board's Public Relations Fund to support the 2018 OAPSB Labour Seminar.
- 2. That the Board approve an expenditure in the amount of \$2,398 from the Board's Public Relations Fund to support the St. John Ambulance Gala.

BACKGROUND

The Public Relations Reserve Fund Policy No. 08/08 outlines the use of unused monies in the Public Relations Reserve Fund. The monies from this fund are from proceeds from the sale of unclaimed personal property and money found and seized by the police service and can be used for any purpose that the Board considers in the public interest in accordance with Sections 132 (2) and 133 (3) of the *Police Services Act.*

The Executive Director monitors expenditures and reports to the Board semi-annually on the Public Relations Reserve Fund.

FINANCIAL IMPLICATIONS

The closing balance of the Public Relations Reserve fund on August 31, 2018 was \$129,112.

REQUEST FOR SPONSORSHIP

Ontario Association of Police Services Board (OAPSB) Labour Seminar

The OAPSB Annual 2018 Labour Seminar is taking place on September 20 to 21, 2018 in Toronto. The seminar features engaging speakers addressing topical subjects relating to labour legislation. They rely on participation and sponsorship to make the seminar a success and are seeking sponsoring for the seminar.

The Board normally funds the Spring conference, but this is a first-time request for sponsorship for the Fall Seminar. The Board provided sponsorship in the amount of \$5,000 for the Spring conference in May 2018. I am recommending a \$500 donation as the Board also supported the legal review of Bill 175 by the OAPSB in January.

St. John Ambulance

St. John Ambulance will be holding its annual Black and White Charity Gala taking place November 3, 2018 at the Angus Glen Golf Club in Markham. Established in 1991, St. John Ambulance York Region serves the nine municipalities of the Region with almost 600 volunteers. The Board has typically provided sponsorship by purchasing two tables of 10. This year a table is \$1,199. I am recommending that the Board purchase two tables of 10, which is consistent with previous years.

St. John Ambulance SAVING LIVES at work, home and play

August 29, 2018

SEP 1 1 2018

York Regional Police Services Board

St. John Ambulance has been serving Canadians since 1883. Our mission is to enable Canadians to improve their health, safety and quality of life by providing training and community service. Established in 1991, St. John Ambulance, **York Region** serves the nine municipalities of the Region with almost 600 volunteers. In keeping with St. John's mission, the York Branch provided first aid training to more than 5,600 people in 2017 alone.

In order to provide community support for such a large area, we have four **Medical First Responder** Units whose 100 volunteers treated 150 patients at 158 public events last year. The 154 therapy dogs and handlers from our four **Therapy Dog** Units made over 3,500 visits to schools, hospitals, retirement and long term care homes and workplaces. Our four **Youth Units** taught first and leadership skills to almost 300 young people while the 12 hardworking volunteers of our **Child Car Seat Safety** Unit inspected over 350 car seats at monthly clinics. Although our charitable work is supported by revenues from our first aid training, we still rely on donations and special event fundraising to continue providing these volunteer services. Your support, through a donation, sponsorship, or attendance at our fundraising events is very much appreciated and allows our dedicated and highly skilled volunteers to continue their important work.

On Saturday November 3rd we will be holding our 11th Annual Black and White Charity Dance and Fundraising Gala at Angus Glen Golf Club to support and recognize our volunteers.

We are pleased to announce Lance Brown as our MC and the George St. Kitts band for your entertainment and dancing pleasure.

We respectfully ask that you consider a sponsorship, donation, silent auction item or gift certificate to assist us in making this a successful event. A sponsorship and donation form is attached for your review. Your gift will be recognized in the evening's signage and program as well as on our <u>www.sjayork.ca</u> web site and may be eligible for a charitable donation receipt (subject to CRA regulations).

Please contact us at St. John Ambulance York Region by calling 905-773-3394 or emailing gala@sjayorkcs.ca_for additional information or for assistance with your donation.

Thank you in advance for your support.

REPORT OF THE EXECUTIVE DIRECTOR

September 26, 2018

Amended Financial Management Policy

RECOMMENDATION

1. That the Board adopt the amended Financial Management Policy, attached as Appendix A.

BACKGROUND

In addition to its Purchasing By-Law, the Board requires a policy that outlines its expectations with respect to financial reporting and internal controls as they pertain to the financial performance of the organization.

The Board's Financial Accountability Policy was reviewed in 2014, and it was determined at that time that the policy was still relevant and supported the Board's financial processes and principles. The policy was reviewed again recently with YRP Financial Services and several amendments were proposed. The consultation process highlighted modifications of the policy as described below and are reflected in the appendix to this report.

AMENDMENTS - POLICY IMPLICATIONS

The proposed revisions in the policy provide updates to the language to reflect more current terminology and processes and for better alignment with the Region's current financial processes and ensures consistency with the Region's reporting cycles.

The amendments refer to a long-term financial sustainability and the optimization of cost, risk and performance. The amendments include quarterly reporting on actual financial performance instead of monthly reporting. Over the last few years, the practice of monthly financial reporting has changed to quarterly reports to the Board due primarily to internal time frames and the availability of financial data at the Region. Quarterly reporting is nonetheless a best practice, and the reports to the Board are more fulsome and comprehensive when compared with other Big 12 Boards.

FINANCIAL IMPLICATIONS

There are no financial implications associated with this report.

CONCLUSION

The proposed amendments to the financial accountability policy support the processes and practices set by the Region and reflect a more sustainable, cost-effective, accountable and long-term approach to budget planning.

APPENDIX A

YORK REGIONAL POLICE SERVICES BOARD

Financial Management F Policy No.01/05	Policy
Date Approved:	May 25, 2005
Date Reviewed:	May 2014
Date Amended:	September 26, 2018
Reporting Requirements:	Annually and Quarterly as noted in Policy
Legislative Authority:	Police Services Act section 31(1)(c); section 39

1. Policy Statement

Under Section 31(1)(c) of the Police Services Act, the Board shall establish policies for the effective management of the police service.

The Board is committed to ensuring that the principles of fiscal integrity and accountability govern the financial planning and financial management practices of York Regional Police.

The Board ensures that policing programs and initiatives are consistent with the goals, objectives and priorities outlined in its Business Plan. Furthermore, the Board also ensures that services are provided in an efficient matter and in a way that provides the greatest value to the taxpayer.

The Chief of Police shall comply with the requirements set out in this policy in directing York Regional Police.

2. Purpose

This policy establishes key objectives with respect to financial governance to ensure:

- accountability to the taxpayer;
- financial commitment to the Business Plan;
- efficient use of police resources/funding and;
- long-term financial sustainability by optimizing cost, risk and performance.

This policy provides direction to the Chief of Police in establishing procedures with respect to sound financial planning and effective financial management of the York Regional Police budget.

3. Statutory Authority

Section 39 of the *Police Services Act* requires the Board to submit operating and capital estimates to Regional Council that will show, separately, the amounts that will be required to maintain the police force and provide it with equipment and facilities and to pay the expenses of the Board's operation.

Subsection 30 (1) of the Adequacy Standards Regulation requires the Board to prepare a Business Plan at least once every three years.

Sections 132 and 133 of the *Police Services Act* govern property and monies seized by members of the York Regional Police in the lawful execution of their duties.

4. Policy Guidelines

Financial Planning

The Board recognizes that stewardship for the use of corporate funds is a primary management responsibility. Therefore, the Board holds the Chief of Police accountable for the deployment of financial resources within the approved annual budget, for compliance with legal and administrative policies, for efficiency and economy in operations, and for the achievement of annual objectives as set out in the Business Plan.

The Chief of Police shall develop annual operating and capital budgets in formats and timelines established by Council for Board approval which are sustainable, responsible and affordable in current and future years and further which ensure adequate and effective services to the public.

The annual budget shall provide projections that adopt policing practices that align with changing needs, standards and legislation and support industry-leading objectives.

The Chief of Police shall not exceed the approved operating and capital budgets without the prior approval of the Board.

Planning and Priority-Setting

In consultation with the Chief of Police and multiple stakeholders, the Board determines objectives and priorities for policing in York Region. The planning and priority-setting process involves the development of broad long-range plans, a statement of goals, strategies and performance indicators within each Business Plan and the development of specific annual operating and capital budgets.

Exceptional Circumstances

The Chief shall advise the Board immediately of exceptional budgetary circumstances when they arise.

External Reporting

Mandated reporting for external purposes include:

- Annual audited statements in conjunction with York Region's external audit;
- Grant reporting, as required; and
- Other mandatory financial reporting, as requested by external parties.

Internal Control

The Chief of Police shall ensure that there is an adequate process of internal control within the organization and that staff comply with legislative and statutory requirements, Board policies, Regional and Ministry requirements and financial principles, procedures and regulatory audit processes.

5. Reporting Requirements

The Chief of Police shall ensure that financial reporting is timely, accurate and relevant. In addition, the Chief of Police shall ensure compliance with all external reporting requirements and establish internal reporting mechanisms within the organization. The reports to the Board shall include:

- Quarterly reporting on actual financial performance including year-end financial forecasts;
- Disposition of the surplus or deficit in accordance with the Regional Fiscal Strategy;
- Annual reporting of audited financial statements;
- Other financial reporting, as requested by the Board.
